AMERICA FOR AMERICANS

McKINLEY AND WILSON ABROAD.

In 1890 William McKinley was buried
in effigy in the English manufacturing
city of Sheffield. But in 1904 William
L. Wilson was dined and veined in London
because he is the author of a Free-Trade
Tariff Bill. These are significant facts.

THE SILVER PROBLEM.

Commercial Gazette.

Farmer Anderson has two thousand
bushels of wheat.

Mr. Jones has a thousand dollars
worth of silver bullion.

Mr. Anderson's wheat is worth in the
market \$10,000.

So is Mr. Jones's silver bullion.

Mr. Jones goes to Philadelphia, takes
his silver to the Mint and has it coined
into ten thousand nice, pretty silver
dollars.

When Farmer Anderson brings
along his thousand dollars worth of
wheat, Mr. Jones buys it, paying him \$1-
000—and he has \$1,000 left with which
to buy the wheat of the next farmer that
comes along.

This is free coinage. Some people
are sure that all the farmers in the
country are shouting for it.

We should see a good many strange
things in this country if the silver peo-
ple should have their way.

SENATOR STERNACK OF NEVADA, who is
greatly opposed to the proposed inter-
national monetary conference, thinks
that it will never be held.

THE G. A. R. men in Kentucky are in
earnest in their effort to secure a post-
ponement for the Republican State Con-
vention so that it will not conflict with
Memorial Day exercises. State Com-
mander O'RIELEY has taken up the mat-
ter.

THERE appears to be an impression
that Congress at its last session amended
the pension laws so as to provide for an
increase of all Mexican pensions, but it
is erroneous. A bill passed the House
fixing the rate of \$12 per month for
Mexican War pensions, but it failed in
the Senate.

In 1894 a Lexington farmer, anticipat-
ing the coming of a live elephant,
wanted everybody to come and see him.
It said editorially: "Perhaps the present
generation may never have another op-
portunity of seeing a living elephant."
This was only eighty-five years ago; and
now one can "see the elephant" in Lex-
ington in all his gigantic gorgon-ness,
by night as well as by day.

In each and every month since the
new tariff laws went into effect from 2-
000 up to 4,000 more invoices of foreign
goods entered at the New York Custom-
house than there were before that period.
And for every invoice of foreign-made
goods that is entered, the American
workman is the sufferer. By the way,
what has become of those "marketers of
the world" that the Democratic howlers of
'92 promised the workmen?

Don't Stop Tobacco—How to Cure
Yourself While Using It.

The tobacco habit grows on a man until his
nervous system is so fully affected by it
that he cannot get on without it. It
brings health, comfort and happiness. To quit
suddenly is to sever a shock to the system,
as tobacco, to an inveterate user, becomes a
stimulant that his system continually craves.
Bacco-Cure is a scientific cure for the tobacco
habit, in all its forms, carefully compounded
after the formula of an eminent Berlin Physi-
cologist who has used it in his private practice
since 1870, without a failure, purely venereal
and guaranteed perfectly harmless. You can
use all the tobacco you want, while taking
Bacco-Cure. It will satisfy you when you stop.
We give a written guarantee to permanently
cure any case with three boxes, or refund the
money with 10 per cent interest. Bacco-Cure
is not a substitute, but a scientific cure, that
cures without the aid of will power and with
no inconvenience. It leaves the system as
pure and free from tobacco as the day you
look your first cough or smoke. Sold by all
druggists, or our free trial guarantee, at \$1
per box, three boxes, thirty days treat-
ment, \$2.50, or sent direct upon receipt of
price, send six two-cent stamps for sample
box, booklet and growth free. Bacco-Cure

consin, Chemist, La Crosse, Wisconsin.

BEWARE OF IMITATIONS.

THE COLONIES WOULD PROBABLY SAY "H-I-
Y" to Bismarck.

Mr. McKinley has probably concluded that
the colonies are not so much to be
quinted and in no respects can they old McKinley
points.

THAT'S ANOTHER.

Chicago Times-Herald.

There is a curious story of facts revealed in a
New York court record. A man who took
it to court that he made a fortune from the
manufacture of "reliable" trousers is
found in court, for depriving a portion of it
with which were used in speckling in whisky
on joint account.

If Japan demands a gold payment as indemn-

ping on the strong text and only it.

IT'S A MIGHTY MAN.

Chicago Herald.

Henry, did you hear that McKinley at the
State Department this morning?

Yes, sir, I heard a little something but I
didn't know what it meant.

That, Henry, was President McKinley
talking to the Secretary of State, Mr. Hay, he
is a great man.

Yes, sir, Henry, hear that other racket over
there, that sounded like a discharge of mis-
siles.

Monroe D. Clarke?

No, Henry, that was Graham demanding
recompense from Spain. He is a very great
man.

Yes, sir, very great.

Then, Henry, did you hear that?

Yes, sir, I heard the truth of it. I heard
that broken horse.

Yes, Henry, was Graham demanding the
recall of Tamm.

That, sir, but why did he do so?

That was to scare you, Henry. If you want
to be a great man, Henry, you must learn to
roar, and the volume of the roar must be in
accordance with the size of the antagonist.

And Mrs. Dunn expected to poison
a little fellow. Ah, Henry, Graham is a
mighty man.

Yes, sir, a mighty man.

There is more Carrara in this section of the
country than all other districts put together,
and until the last few years was supposed to
be inevitable. For a great many years doctors
preached in a local disease, and prescribed
local remedies, and by constantly failing to
cure with local treatment pronounced it in-
curable. Science has proven Carrara to be a
constitutional disease, and therefore requires
constitutional treatment. Hall's Carrara Cure,
manufactured by F. J. Cheney & Co., Toledo,
Ohio, is the only constitutional cure on the
market. It is taken internally in doses from
one drop to a teaspoonful. It acts directly
on the blood and mucous surfaces of the sys-
tem. They offer one hundred dollars for any
case it fails to cure. Send for circulars and

A CYCLONE

Pays Its Respects to Villages
in Boone County, Ky.

No Loss of Life Reported But Much
Damage to Property.

Big Bone and Hamilton Are Heavy Re-
spected. The Town of Lexington Almost
Destroyed—Mt. Zion Church Build-
ing Swept From Its Foundation.

LEXINGTON, Ky., April 2.—A cyclone
of no mean dimensions paid its respects
to Boone County Tuesday. While no
loss of life has been reported, there is
much damage to property in its path.
The storm, which was of the local
variety, was swift and furious, and did
not last long.

At Big Bone the Springfield hotel was
completely wrecked, the Methodist
church demolished and numerous
barns, outhouses and cabins torn to
pieces. A flying piece of board struck
a nine-year-old boy named Samuel
Southgate, breaking his leg, and a
large number of horses and cattle
were killed and injured. Small build-
ings and movable property were picked
up and whisked away like straws in an
ordinary "blow," and the storm re-
covered his farm wagon two miles dis-
tant from where the wind found it.

At the village of Hamilton, where
the cyclone first struck, the damage
was not so great, but several small
buildings were wrecked and a dozen or
more hogheads of tobacco blown into
the air.

Lexington was in the path of the
storm, and the little village was al-
most blown clean. Several of the
citizens were injured by the fly-
ing debris, but none in such a manner
as is likely to prove fatal. The village
schoolhouse and Mt. Zion church, the
most pretentious buildings of the vil-
lage are a mass of ruins.

A big two-story frame building in
the heart of Big Bone was used as a
church and Odd Fellows' hall. The
storm lifted the upper half of the
building into the air, carried it fifty
feet away and dropped it a mass of de-
bris. Several horses and cattle were
killed as the storm moved in, and on
the farm of Mrs. George considerable
damage was done.

All outhouses and several ingsies
and farm vehicles were demolished. A
big farm wagon was found two miles
from Mr. Stevens' place. The establish-
ment on the Bristol farm, near the Stev-
enson place, a big tobacco warehouse
was wrecked, and two men who were
at work were considerably bruised.

At Lexington several big trees were
blown down, and one almost struck
Tolliver Wilkins' house. A little
cottage which stands on a knoll about
500 yards from Gunpowder Creek and
about three miles from Lexington,
was entirely leveled. None of the
family was at home and did not learn
that the house was destroyed until
their return.

A large house some distance further
on was carried bodily from its founda-
tion and reached the ground several
feet from the line. The storm did not
touch the north again until it reached
the Mt. Zion school and church, on
the Lexington place. Nothing is left
of this structure but the foundation. No
fatalities had been reported at a late
hour Tuesday night.

Chicago News Republic.

Cum vobis, April 2.—The entire repub-
lican ticket, with the exception of a
few isolated alienists, was elected
here Tuesday. George R. Swift, plural-
ity for mayor, approximately 43,000.
This is taken from incomplete police
returns. At ten o'clock Tuesday night
500 precincts out of 920 returned Swift
125,000 votes; Wenter (dem.) 60,500;
and Hollins (rep.) 6,500. The council
will stand over on Monday.

A Distressing Occurrence.

SHREVEPORT, Ind., April 2.—Two
little sons of Mrs. Edward Dunn will
die from the effects of poison. Tues-
day their mother placed a big loaf of
bread in the back yard. It was satu-
rated with a solution of paris-green,
and Mrs. Dunn expected to poison
some dogs with it. The boys found it
and ate it. The mother is almost fran-
tic with grief and it is feared she will
become a lunatic.

nder happy the evening of the life of
the man who will remain ever the
pride of the German people."

LEBANON, Ind., April 2.—Charles
McIntire, head operator at Carson's
mill, three miles east of this city, had
an attack of apoplexy Tuesday morn-
ing and fell upon his side. His head
and left arm were entirely severed.
Mr. McIntire had a brother who met

Tuesday.

PUBLIC DEBT STATEMENT.

An Increase in Her Liabilities of Over
Eighteen Million Dollars.

WASHINGTON, April 2.—The monthly
treasury statement of the public debt
shows that on March 30, 1905, the pub-
lic debt, less cash in the treasury,
amounted to \$508,750,000, an in-
crease for the month of \$18,317-
103. The amount of the new
four per cent bonds issued during
the month was \$28,607,500. Following
is a recapitulation of the debt: In-
terest-bearing debt, \$173,151,000, in-
crease during the month, \$28,808,100;
debt on which interest has ceased since
maturity, \$1,770,250, decrease during
the month, \$5,000,000; long-term in-
terest, \$281,287,350, decrease during
month, \$702,720; total debt, \$1,904-
901,770, of which \$507,914,442 are
certificates of indebtedness, \$1,000,320-
328, leaving a cash balance of \$197,817-
301, of which \$60,643,507 is gold reserve.

GENERAL ACCOUNT DISBURSING OFFICERS'
balance, etc., \$10,224,000, total, \$507-
275,500, against which there are de-
mands for liabilities amounting to \$60,320-
328, leaving a cash balance of \$197,817-
301, of which \$60,643,507 is gold reserve.

WASHINGTON, April 2.—The report
that Secretary Gresham will resign is
being industriously circulated again,
the rumor emanating, it is understood,
from a cabinet officer, who is quoted
as saying that the secretary has made
arrangements to retire from Mr. Cleve-
land's official family, and that this
fact is understood in official circles.
A close friend of President Cleveland
said Tuesday morning that there was
no foundation for the report, as the
secretary of state found his position a
congenial one, and that he had no
notion of leaving the cabinet.

MONARCH CANNOT ESCAPE.

WASHINGTON, April 2.—Capt. How-
gate has been indicted again for al-
leged frauds on the government dur-
ing the time he was discharging offi-
cial duties. The new indictments
are three in number. The alleged
forgery of a \$40,000 account, with
the American Union Telegraph Co., Oc-
tober 27, 1879, number eleven embezzle-
ment, and the third falsification of
accounts.

MONARCH CANNOT ESCAPE.

WASHINGTON, April 2.—On April 8
next the following money order offices
will be established: Indian, Austin,
Ohio, Barre, Canton, Danbury, West
Somerville. On the same date the fol-
lowing limited offices will be estab-
lished, with power to issue money orders,
but not to receive them: Indian, Barre,
Steele, Kentucky, Danbury, Ende-
ville, Ohio, Eagle Mills, Lattimore,
Rush Creek, Vienna Cross Roads.

MONARCH CANNOT ESCAPE.

WASHINGTON, April 2.—The presi-
dent's family left the White House on
Tuesday, and took up their resi-
dence at Woodley, their suburban
place, where they were joined by the
president later in the afternoon.

THE MOTHER

Not Permitted to See Her Dead Child, re-
spects the law.

CHICAGO, April 2.—Ed S.
Meyer, attorney at law, was consulted
by Mrs. Annie Lynum, of No. 11
Noyes street, in regard to a case
which must create a profound sensa-
tion, and would inevitably
bring an official investigation, if brought
into the courts. It is probably, how-
ever, that Mrs. Lynum will fol-
low the advice of Mr. Meyer
and not initiate legal proceedings.
The case involves the integrity of the
officials of the state hospital for epilep-
tics at Joliet. Mrs. Lynum's daugh-
ter, Minnie, aged 17 years, was ad-
mitted to the institution September
6 last. On December 20 she received a
letter stating that the girl was sick.
Mrs. Lynum arrived there on the even-
ing of December 20. She claims that
she was informed that her daughter
had died 20 minutes before she arrived.
She claims she was not allowed to see
her daughter's body. She declares that
a post mortem was held without her
consent, and that she learned after-
ward that her daughter did not die un-
til several hours after her arrival.
During her stay at the institution the
girl frequently wrote home alleging
that she was mistreated.

A Young Man Horse-nipped.

LOUISVILLE, Ind., April 2.—Intense
excitement was occasioned on the
streets of Walton Tuesday by Mrs.
Aaron Henneker, the postmistress, carry-
ing Jack Taylor a whipping for giv-
ing letters to her daughter from an in-
discernible young man. The indignant
lady claims that she and her daughter
have been greatly annoyed of late by
certain young men, who persisted in
writing the girl letters after they had
been frequently requested not to do
so.

Democrat Success at Fremont.

FREMONT, O., April 2.—Complete re-
turns show that the democrats have
secured the nomination of an ex-
isting marshal, one assessor and one member
of board of education. Following is
the result: Mayor, Dick, 100; marshal,
Taylor, 80; assessor, the incumbent,
Schwartz, 4; justice of peace, Bogus,
11; waterworks trustee, Reuh, 243.
Mrs. Zoe Long, the only woman candi-
date for school board, was defeated by
120.

A Violent Murder.

MACON, Ill., April 2.—Bertha Mae
head, 20 years of age, a native of
Adamsport, was standing in front of
a blazing gas her own caught fire.
She was burned to death before the
flames could be extinguished.

Little Girl Burned to Death.

CLARKSBURG, W. Va., April 2.—A
little girl, named aged 13, living in
Adamsport, was standing in front of
a blazing gas her own caught fire.
She was burned to death before the
flames could be extinguished.
